Shakespeare's Big Men examines five Shakespearean tragedies - Julius Caesar, Hamlet, Othello, Macbeth, and Coriolanus - through the lens of generative anthropology and the insights of its founder, Eric Gans. Generative anthropology's theory of the origins of human society explains the social function of tragedy: to defer our resentment against the "big men" who dominate society by letting us first identify with the tragic protagonist and his resentment, then allowing us to repudiate the protagonist's resentful rage and achieve theatrical catharsis. Drawing on this hypothesis, Richard van Oort offers inspired readings of Shakespeare's plays and their representations of desire, resentment, guilt, and evil. His analysis revives the universal spirit in Shakespearean criticism, illustrating how the plays can serve as a way to understand the ethical dilemma of resentment and discover within ourselves the nature of the human experience.

Musaicum Books presents to you this meticulously collection of hundreds of life stories, recorded interviews and incredible vivid testimonies of former slaves from the American southern states, including photos of the people being interviewed and their extraordinary narratives. After the end of Civil War in 1865, more than four million slaves were set free. There were several efforts to record the remembrances of the former slaves. The Federal Writers' Project was one such project by the United States federal government to support writers during the Great Depression by asking them to interview and record the myriad stories and experiences of slavery of former slaves. The resulting collection preserved hundreds of life stories from 17 U.S. states that would otherwise have been lost in din of modernity and America's eagerness to deliberately forget the blot on its recent past.

"My folks allus belongs to the Cavins and wore their name till after 'mancipation. Pa and ma was named Freeman and Amelia Cavin and Massa Dave fotchtes them to Texas from Alabama, along with ma's mother, what we called Maria. "The Cavins allus thunk lots of their niggers and Grandma Maria say, 'Why shouldn't they—it was their money.' She say there was plenty Indians here when they settled this country and they bought and traded with them without killin' them, if they could. The Indians was poor folks, jus' pilfer and loaf 'round all the time. The niggers was a heap sight better off than they was, 'cause we had plenty to eat and a place to stay. "Young Massa Tom was my special massa and he still lives here. Old Man Dave seemed to think more of his niggers than anybody and we thunk lots of our white folks. My pa was leader on the farm, and there wasn't no overseer or driver. When pa whip a nigger he needn't go to Massa Dave, but pa say, 'Go you way, you nigger. Freeman didn't whip you for nothin'.' Massa Dave allus believe pa, 'cause he tells the truth. "One time a peddler come to our house and after supper he goes to see 'bout his pony. Pa done feed that pony fifteen ears of corn. The peddler tell massa his pony ain't been fed nothin', and massa git mad and say, 'Be on you way iffen you gwine 'cuse my niggers of lyin'.' "We had good quarters and plenty to eat. I 'members when I's jus' walkin' round good pa come in from the field at night and taken me out of bed and dress me and feed me and then play with me for hours. Him bein' leader, he's gone from 'fore day till after night. The old heads got out early but us young scraps slep' till eight or nine o'clock, and don't you think Massa Dave ain't comin' round to see we is fed. I 'members

him like it was yest'day, comin' to the quarters with his stick and askin' us, 'Had your breakfas?'' We'd say, 'Yes, suh.' Then he'd ask if we had 'nough or wanted any more. It look like he taken a pleasure in seein' us eat. At dinner, when the field hands come in, it am the same way. He was sho' that potlicker was fill as long as the niggers want to eat. "The hands worked from sun to sun. Massa give them li'l crops and let them work them on Saturday. Then he bought the stuff and the niggers go to Jefferson and buy clothes and sech like. Lots saved money and bought freedom 'fore the war was over. "We went to church and first the white preacher preached and then he larns our cullud preachers. I seed him ordain a cullud preacher and he told him to allus be honest. When the white preacher laid his hand on him, all the niggers git to hollerin' and shoutin' and prayin' and that nigger git scart mos' to death.

Friendship is usually seen as a vital part of most people's lives in the West. From our friends, we hope to derive emotional support, advice and material help in times of need. In this pioneering book, basic assumptions about friendship are examined from a cross-cultural point of view. Is friendship only a western conception or is it possible to identify friends in such places as Papua New Guinea, Kenya, China, and Brazil? In seeking to answer this question, contributors also explore what friendship means closer to home, from the bar to the office, and address the following:* Are friendships voluntary?* Should friends be distinguished sharply from relatives?* Do work and friendship mix?* Does friendship support or subvert the social order?* How is friendship shaped by the nature of the person, gender, and the relationship between private and public life?* How is friendship affected when morality is compromised by self-interest?This book represents one of the few major attempts to deal with friendship from a comparative perspective. In achieving this aim, it demonstrates the culture-bound nature of many assumptions concerning one of the most basic building-blocks of western social relationships. More importantly, it signposts the future of social relations in many parts of the world, where older social bonds based on kinship or proximity are being challenged by flexible ties forged when people move within local, national and increasingly global networks of social relations.

Nightclubs are closing at such a rate in Britain - down from an estimated 4,200 in 1994 to around 1,700 in 2017 - that they could soon be a relic of a bygone age. This book is set in the period from the mid 1970's to the mid 1980's. The country was emerging from a time of grim austerity with industrial strikes and the imposed 3-day working week. People still needed to enjoy themselves, though, and with pubs back then closing at 11 pm, many found their fun at the nightclub during this

golden age of disco. What was it like to be a part of it all? This is an account of one young man's journey through clubland, experiencing the glamour and hedonism, and inevitably finding love. But, there was also the harsh life behind the scenes: the daily grind, constant insecurity, and the threat of physical violence. With its tales of love and laughter, tears and tragedy, this is a unique insight into a social and cultural aspect of British life that could soon be gone forever.

I May Be Big But I Didn't Cause That Solar Eclipse is award-winning Canadian humorist Gordon Kirkland's fifth book. Three of his previous books received Canada's prestigious literary award, The Stephen Leacock Award of Merit For Humour. His syndicated newspaper column, *Gordon Kirkland At Large*, is enjoyed by readers in the United States and Canada every week. He is also a frequent guest on radio and television shows in both countries. In addition, he is in great demand as a speaker at conferences, conventions, and festivals throughout North America. An April 2006 profile of Kirkland in the Canadian edition of *Reader's Digest* said, "Kirkland's specialty is making others laugh at him, at themselves, and at life in general." In this book, Kirkland once again takes on subjects ranging from marriage to dealing with a canine companion. He looks at the odd events of daily life, and even finds humor in the experiences of moving and having a serious illness.

BIG MAN'S WORLD OVER 30, OVERWEIGHT AND OVERDONE *BIG MAN'S WORLD* is the perfect book for all those who are sick of 'keeping up appearances', the ideal manual for letting down gracefully (or disgracefully). It's a book for men who want to stop pretending to like theatre and stay at home and watch the footy, to let their guts hang out the way nature intended, to shun all forms of vegetarianism and woo woo, to find and set free the caveman lurking within. *BIG MAN'S WORLD* takes us back to a simpler time when SNAGS were for smothering in tomato sauce and when the men's movement were a bunch of blokes in a backyard, when eating six pies was a cuase for celebration not alarm, and when quantity was vastly preferable to quality. Triple J's Mikey Robbins, co-author of the bestselling *THREE BEERS AND A CHINESE MEAL*, co-host of the top-rating *Breakfast Show*, and star of 'Good News Week' on the ABC, Steve Abbott aka *The Sandman*, author of the bestselling *SANDMAN'S ADVICE TO THE UNPOPULAR* and *THIS IS MY SURFBOARD* and star of radio and stage, and Tony Squires, one of the stars of *Triple M's Andrew Denton Show* as well as the

perennially popular Saturday TV column in the Sydney Morning Herald, have been friends for over twenty years and are the perfect candidates to write such a book (despite being somewhat reluctant to commit to anything that resembles work - but what can you expect of the exponents of a philosophy that extolls the virtues of sloth and procrastination?) BIG MAN'S WORLD is an hilarious tribute to that last bastion of Untamed Australia: The Bloke. Lavishly illustrated with photographs, puzzles and illustrations by Michael Bell - example attached - BIG MAN'S WORLD will revolutionise the way men think about themselves and the way the world thinks about them; in this age of millennial change and shifting perceptions, it's good to know (and accept, ladies) that some things will never change. AUTHOR INFORMATION Steve, Mikey and Tony were all born in Newcastle and became friends during their no doubt troubled adolescences. They all gravitated towards the entertainment industry as the occupation least likely to demand hard work. All ended up in that strangely hip Eighties outfit, The Castanet Club before heaving themselves towards Sydney, where they are now mini-icons of the airwaves, radio being a unanimous choice for them because of the total lack of dress code involved. Mikey occasionally dons a suit for his appearances in 'McFeast' and 'Good News Week', but Steve and Tony are committed tracksuitpantsmen. SELLING POINTS *** The perfect Father's Day present for anyone with a sense of humour, particularly if they've got a bit of a gut. *** We will support the Father's Day aspect of the book by sending out BMW window display kits, including stubbie holder, thongs etc. *** All three authors have great media profiles: Mikey with Triple J and his breakfast program with Paul McDermott and Sandman (rating very well), as well as his regular spot on 'Good News Week' and co-presenter on 'McFeast'. Steve Abbott as the Sandman appears on Paul and Mikey's show three days a week, and Sandy's books and T-shirts are bestsellers. Tony Squires' television column in the Sydney Morning Herald has an enormous following, and he is currently writing for Andrew Denton and appearing on his Triple M Breakfast Show. *** We will have great fun with the media on BIG MAN'S WORLD, and the book will be alluded to on Triple J and promoted heavily on Triple M. The boys will also be appearing on each other's shows and will get their mates in the media to give them a hand. Tony is sure he can get an extract into the Sydney Morning Herald. *** The book will be fabulously illustrated by Michael Bell and will also include silly photos of the boys and lots of pages of puzzles. *** There will be a fabulous celebrity-packed launch for BIG MAN'S WORLD that will involve us taking over Clovelly Bowling Club and hosting a Celebrity Darts Competition. From the bestselling coauthor of Wittgenstein's Poker, a fascinating tour through the history of moral philosophy A runaway train is racing toward five men who are tied to the track. Unless the train is

stopped, it will inevitably kill all five men. You are standing on a footbridge looking down on the unfolding disaster. However, a fat man, a stranger, is standing next to you: if you push him off the bridge, he will topple onto the line and, although he will die, his chunky body will stop the train, saving five lives. Would you kill the fat man? The question may seem bizarre. But it's one variation of a puzzle that has baffled moral philosophers for almost half a century and that more recently has come to preoccupy neuroscientists, psychologists, and other thinkers as well. In this book, David Edmonds, coauthor of the bestselling Wittgenstein's Poker, tells the riveting story of why and how philosophers have struggled with this ethical dilemma, sometimes called the trolley problem. In the process, he provides an entertaining and informative tour through the history of moral philosophy. Most people feel it's wrong to kill the fat man. But why? After all, in taking one life you could save five. As Edmonds shows, answering the question is far more complex—and important—than it first appears. In fact, how we answer it tells us a great deal about right and wrong.

For some reason, which may be either arrogance or apathy, the British are very slow to state their case to the world. At present the reasons for our actions and the methods which we have used are set forth in many Blue-books, tracts, and leaflets, but have never, so far as I know, been collected into one small volume. In view of the persistent slanders to which our politicians and our soldiers have been equally exposed, it becomes a duty which we owe to our national honour to lay the facts before the world. I wish someone more competent, and with some official authority, had undertaken the task, which I have tried to do as best I might from an independent standpoint.
