*The Use of Compensatory Strategies by Dutch Learners of English*  
 Psychology Press

A little mouse has lost something precious but only speaks Dutch. Can you help Mr and Mrs Frog find out what's missing? Laugh as you learn 50 Dutch words with this fun, heartwarming Dutch English picture book.

*The Rise of Commercial Empires* John Wiley & Sons

Dutch is spoken by 23 million people, mainly in the Netherlands and Belgium, and is an official EU language. For English speakers, written Dutch can be fairly straightforward to pick up, although the pronunciation can be more of a challenge. This simple guidebook and audio CD covers Dutch grammar, pronunciation and everyday phrases, making this vibrant language more accessible to English speakers - whether you're just visiting or planning to stay on a long-term basis. Dutch For Dummies is the essential guide for everyone from students and holidaymakers, to those wanting to speak Dutch for business purposes. From numbers and vocabulary to greetings, popular expressions and proper etiquette, this clear, easy-to-follow guide will have you speaking Dutch like a native in no time. Dutch For Dummies includes: Audio CD to assist learning Introductory grammar and vocabulary Meeting and getting to know people Dining out, shopping, leisure time and the workplace Dealing with emergencies Tips on how to pick up Dutch quickly Note: CD files are available to download when buying the eBook version Pushkin Press

On November 5, 1688, William of Orange, Protestant ruler of the Dutch Republic, landed at Torbay in Devon with a force of twenty thousand men. Five months later, William and his wife, Mary, were jointly crowned king and queen after forcing James II to abdicate. Yet why has history recorded this bloodless coup as an internal Glorious Revolution rather than what it truly was: a full-scale invasion and conquest by a foreign nation? The remarkable story of the relationship between two of Europe's most important colonial powers at the dawn of the modern age, Lisa Jardine's *Going Dutch* demonstrates through compelling new research in political and social history how Dutch tolerance, resourcefulness, and commercial acumen had effectively conquered Britain long before William and his English wife arrived in London.

*English - Urdu Bilingual First Top 624 Words Educational Activity Book for Kids* Amsterdam University Press

This is the first Dutch grammar specifically designed for the adult with limited learning time whose objective is broader, more fluent everyday communication. Avoiding archaic, highly literary and seldom-used forms, this grammar helps those with some

knowledge of Dutch use phrases and vocabulary more effectively. For the beginner, it provides all the grammar really needed for speech and comprehension.: Based on the premise that systematic study of grammar is a shortcut to language learning, *Essential Dutch Grammar* helps you acquire fluency by emphasizing the strong similarities between English and Dutch, and by concentrating on essentials: spelling, word order, articles and nouns, adjectives, adverbs, pronouns, verbs, conjunctions and prepositions--all illustrated by easy-to-understand examples. While explaining how to avoid complicated sentence constructions, tell time and use idioms, the book provides dozens of useful expressions, four detailed appendices on verbs, and a handy glossary of grammatical terms. Whether you're just beginning the study of Dutch or need a handy refresher course, *Essential Dutch Grammar* offers a modern, streamlined approach that will enable you to master Dutch in the shortest possible time. **Beginner's Dutch with Online Audio** Dover Publications  
 The book provides an overview of more than a decade of joint R&D efforts in the Low Countries on HLT for Dutch. It not only presents the state of the art of HLT for Dutch in the areas covered, but, even more importantly, a description of the resources (data and tools) for Dutch that have been created are now available for both academia and industry worldwide. The contributions cover many areas of human language technology (for Dutch): corpus collection (including IPR issues) and building (in particular one corpus aiming at a collection of 500M word tokens), lexicology, anaphora resolution, a semantic network, parsing technology, speech recognition, machine translation, text (summaries) generation, web mining, information extraction, and text to speech to name the most important ones. The book also shows how a medium-sized language community (spanning two territories) can create a digital language infrastructure (resources, tools, etc.) as a basis for subsequent R&D. At the same time, it bundles contributions of almost all the HLT research groups in Flanders and the Netherlands, hence offers a view of their recent research activities. Targeted readers are mainly researchers in human language technology, in particular those focusing on Dutch. It concerns researchers active in larger networks such as the CLARIN, META-NET, FLReNet and participating in conferences such as ACL, EAACL, NAACL, COLING, RANLP, CICling, LREC, CLIN and DIR ( both in the Low Countries), InterSpeech, ASRU, ICASSP, ISCA, EUSIPCO, CLEF, TREC, etc. In addition, some chapters are interesting for human language technology policy makers and even for science policy makers in general.

*Laugh as You Learn 50 Dutch Words with this Bilingual English Dutch Book for Kids* Assimil Italia

This richly illustrated book tells the story of cultural exchange between the people of the Low Countries and England in the Middle Ages and the Early Modern period, and reveals how Anglo-

Dutch connections changed the literary landscape on both sides of the North Sea. Ranging from the Norman Conquest of 1066 to the 'Glorious Revolution' of 1688, it examines how Dutch-speaking immigrants transformed English culture, and it uncovers the lasting impact of contacts and collaborations between Dutch and English speakers on historical writing, map-making, manuscript production and early printing. The literary heritage of Anglo-Dutch relations is explored and lavishly illustrated through the unique collection of manuscripts, early prints, maps and other treasures from the Bodleian Library in Oxford. The book sheds new light on the literature and art of a pivotal period in European history.

*The Dutch and English East India Companies* Routledge  
 Dutch vocabulary book + Dutch dictionary This Dutch vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Dutch-English as well as English-Dutch dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Dutch learning resource is a combination of Dutch vocabulary book and a two-way basic Dutch dictionary: Part 1 - Topic based Dutch vocabulary book: This is the main part of the book and represents a list of chapters each containing Dutch vocabularies for a certain topic. The Dutch vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Dutch dictionary: The index in the second half of the book can be used as a basic Dutch dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic Dutch-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Dutch words and directly find the English translation How to use this Dutch vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Dutch dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Dutch translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Dutch dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Dutch and comes in particularly handy at times when there is no internet to look up words and phrases.

*The Complete Book of Dutch-ified English* John Wiley & Sons  
 Colloquial Dutch: The Complete Course for Beginners has been carefully developed by an experienced teacher to provide a step-by-step course to Dutch as it is written and spoken today. Combining a clear, practical and accessible style with a methodical and thorough treatment of the language, it equips learners with the essential skills needed to communicate confidently and effectively in Dutch in a broad range of situations. No prior knowledge of the language is required. Colloquial Dutch is exceptional; each unit presents a wealth of grammatical points that are reinforced with a wide range of exercises for regular practice. A full answer key, a grammar summary, bilingual glossaries and English translations of dialogues can be found at the back as well as useful vocabulary lists throughout. Key features include: A clear, user-friendly format designed to help learners progressively build up their speaking, listening, reading and writing skills Jargon-free, succinct and clearly structured explanations of grammar An extensive range of focused and dynamic supportive exercises Realistic and entertaining dialogues covering a broad variety of narrative situations Helpful cultural points explaining the customs and features of life in The Netherlands An overview of the sounds of Dutch. Balanced, comprehensive and rewarding, Colloquial Dutch is an indispensable resource both for independent learners and students taking courses in Dutch. Audio material to accompany the course is available to download free in MP3 format from [www.routledge.com/cw/colloquials](http://www.routledge.com/cw/colloquials). Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

**20 Captivating Short Stories to Learn Dutch & Grow Your Vocabulary the Fun Way!** BRILL

Is conversational Dutch turning a little too tricky for you? Do you have no idea how to order a meal or book a room at a hotel? If your answer to any of the previous questions was 'Yes', then this book is for you! If there's even been something tougher than learning the grammar rules of a new language, it's finding the way to speak with other people in that tongue. Any student knows this - we can try our best at practicing, but you always want to avoid making embarrassing mistakes or not getting your message through correctly. 'How do I get out of this situation?' many students ask themselves, to no avail, but no answer is forthcoming. Until now. We have compiled MORE THAN ONE HUNDRED conversational Dutch stories for beginners along with their translations, allowing new Dutch speakers to have the necessary tools to begin studying how to set a meeting, rent a car or tell a doctor that they don't feel well. We're not wasting time here with conversations that don't go anywhere: if you want to know how to solve problems (while learning a ton of Dutch along the way, obviously), this book is for you! How Conversational Dutch Dialogues works: - Each new chapter will have a fresh, new story between two people who wish to solve a common, day-to-day issue that you will surely encounter in real life. - An Dutch version of the conversation will take place first, followed by an English translation. This ensures that you fully understood just what it was that they were saying. - Before and after the main section of the book, we shall provide you with an introduction and conclusion that will offer you important strategies, tips and tricks to allow you to get the absolute most out of this learning material. - That's about it! Simple, useful and incredibly helpful; you will NOT need another conversational Dutch book once you have begun reading and studying this one! We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Conversational Dutch Dialogues and start learning Dutch right now!

**Diplomacy, Trade and Violence in Early Modern Asia** Intersentia Uitgevers N V

Dutch Translation in Practice provides an accessible and engaging course in modern Dutch translation. Taking a highly practical approach, it introduces students to the essential concepts of translation studies, heightens their awareness of the problems posed in Dutch translation, and teaches them how to tackle these difficulties successfully. Featured texts have been carefully chosen for their thematic and technical relevance, and a wide range of discursive and grammatical issues are covered throughout. Features include: Nine chapters reflecting different areas of contemporary life and culture in Belgium and the Netherlands such as People and Places, Dutch Language and Culture, Literature, Employment, Finance and Economics, Media and Communications, Art History and Exhibitions, Fashion and Design and the Earth, Energy and the Environment Authentic extracts drawn from up-to-date Dutch texts used throughout to illustrate and practise various topical and translation issues, with many supporting exercises and open translation activities to encourage active engagement with the material, the development of strong translation skills, and vocabulary acquisition Chapters structured to provide progressive learning, moving from an introductory section explaining the context for the texts to be translated to information on translation techniques, detailed close readings and analyses of words, phrases, style, register and tone A strong focus throughout on addressing issues relevant to contemporary Dutch translation, with practical tips offered for translating websites, dealing with names and handling statistics and numbers in translation Attention to language areas of particular difficulty, including translating 'er', passive constructions, punctuation, conjunctions and separable verbs Helpful list of grammatical terms, information on useful resources for translators and sample translations of texts available at the back of the book Written by experienced instructors and extensively trialled at University College London, Dutch Translation in Practice will be an essential resource for students on upper-level undergraduate, postgraduate or professional courses in Dutch and Translation Studies.

**With the Common Cape Dutch Words, and Containing in the Second Part the Pronunciation of Every Word** Walter de Gruyter GmbH & Co KG

Suitable for students, researchers and scholars who need to learn how to read and translate modern Dutch texts for their academic research, this book focuses on those areas where the Netherlands plays or has played a leading and innovative role in the world. *The Dutch Language in Japan (1600-1900)* Routledge  
 The Dutch and English East India Companies were formidable organisations that were gifted with expansive powers that allowed them to conduct diplomacy, raise armies and seize territorial possessions. But they did not move into an empty arena in which they were free to deploy these powers without resistance. Early modern Asia stood at the center of the global economy and was home to powerful states and sprawling commercial networks. The companies may have been global enterprises but they operated in a globalised region in which they encountered a range of formidable competitors who frequently outmaneuvered or outfought their representatives. This groundbreaking collection of essays explores the place of the Dutch and English East India Companies in Asia and the nature of their interactions with Asian rulers, officials, merchants, soldiers, and brokers. With contributions from the most innovative historians in the field, this book presents new ways to understand these organisations by focusing on their diplomatic, commercial, and military interactions with Asia.

**Cookies, Coleslaw, and Stoops** Routledge

Here is a book for anyone tired of speaking flat, colorless, homogenized English. Pennsylvania Dutchman Gary Gates provides a glossary, read-aloud section, songs, recipes, and more in this delightful, "invaluable" introduction to Dutch-ified English. Learn the meaning of "rutch" and "spritz," what a "clod" and a "crotch" are, how to pronounce and make "Cussin Rache's Snitz and Knepp," and what has happened to food when it's "all." Spice up your vocabulary with delightful words and phrases, such as: • Grex: To complain, moan. "Ah, quit your grexing, you have a wonderful life." • Face: Belief, religious conviction. "Praise be! Rebecca has found her face in the Lord again!" • Gruntbecky: An expression of hard going. "Gruntbecky! It's difficult to run in this hot sun." • Nix nootz: A devilish, mischievous person. "Our daughter is a little nix nootz." • Rupdown: A massage. "A good rupdown will take the ache away." Tired of trying to conform to traditional speech patterns, Gary offers a warm and funny celebration of the unique Dutch culture in America.
