MOYER JOSEPH

Feng Shui in 10 Simple Lessons Piatkus

He was one of the most inspirational role models of all time. Thrown into poverty at age four, Konosuke Matsushita (Mat-SOSH-ta) struggled with the early deaths of family members, an apprenticeship which demanded sixteen-hour days at age nine, all the problems associated with starting a business with neither money nor connections, the death of his only son, the Great Depression, the horror of World War II in Japan, and more. Yet John P. Kotter shows in this fascinating and instructive book how, instead of being ground down by these hardships, Matsushita grew to be a fabulously successful entrepreneur and business leader, the founder of Japan's General Electric: the \$65 billion a year Matsushita Electric Corporation. His accomplishments as a leader, author, educator, philanthropist, and management innovator are astonishing, and outshine even Soichiro Honda, J.C. Penney, Sam Walton, and Henry Ford. In this immensely readable book, Kotter relates how Matsushita created a large business, invented management practices that are increasingly being used today, helped lead his country's economic miracle after World War II wrote dozens of books in his latter years, founded a graduate school of leadership, created Japan's version of a Nobel Prize, and gave away hundreds of millions of good causes. The Matsushita story expands our notion of the possible, even for a sickly youngster who did not have the benefit of a privileged background, education, good looks, or a charismatic presence. It tells us much about leadership, entrepreneurship, a drive for lifelong learning, and their roots. It demonstrates the power of a longterm outlook, idealistic goals, and humility in the face of great success. Matsushita Leadership is both a biography and a set of lessons for careers and corporations in the 21st century. An inspirational story and a business primer, the implications are powerful, for organizations and for living a meaningful life.

Wake Up Thomas Nelson

EVERYTHING YOU NEED TO BUILD REVENUE-GENERATING PARTNERSHIPS Corporations have profited from strong business development strategies for years. So it's no surprise that of the half-million new businesses created each year, the most successful ones are driven by business development. Now, savvy professionals on the business side of a startup have a reliable guide to perfecting the partnership strategies that will quickly add value to any company. *Pitching & Closing* gives you concrete action steps for mastering the specific skill set today's business-development professionals need to define their roles and meet revenue expectations. Written in practical terms by playmakers at Twitter and SocialRank, this A-to-Z guide walks you through forging relationships, pitching a company's product, building a network, sourcing deals, making rejection positive, and staying cool while closing large deals. Firsthand accounts from business development executives across many industries, from tech to television to finance, bring to life such topics as: How to consistently identify and land the best strategic alliances for your business Why people say "yes" and why they say "no" Etiquette for making introductions and reaching out to people in ways that elicit responses Monitoring core metrics to know where to invest your time In addition to implementable advice and techniques from the top minds in the industry, this complete resource features an entire section of best practices for every step of the partnering process. Make your moves with the confidence of having a team of experts at your back. The road from startup to IPO starts with *Pitching & Closing*. PRAISE FOR PITCHING & CLOSING "This book is a must-read for anyone in the business of transforming professional relationships into powerful strategic partnerships." -- Adam Bain, President of Global Revenue at Twitter "Pitching & Closing does a phenomenal job of giving you a seat in the room during some of the biggest business development deals of late. Anyone who reads this book will come away with a deep understanding of business development in the world of startups." -- Dylan Smith, CFO of Box "Pitching & Closing is the definitive guide to partnerships for the next generation of entrepreneurs and business leaders." -- Adam Braun, Founder and CEO of Pencils of Promise "An honest and insightful look at the delicate and complex handling of business development [that] guides readers on how to turn good ideas into great partnerships." -- Kyle Kelly, Business Development & Analysis at Zappos.com "Alex Taub and Ellen DaSilva have written the bible for business development in startup land--a well-researched, easily accessible accounting of best practices and tips of the trade from the people who are leaders in opening and closing deals that define some of the most exciting new companies on the landscape." -- Laurie Racine, Board Member, Creative Commons "I never thought I'd read a book that not only explains how nuanced business development can be, but also actually gives you what you need to take teams big and small to grow their business through partnerships. Impressive and fun to read." -- Paul Murphy, CEO of Dots and Partner at Betaworks

How to be Smart with Your Money Macmillan

The Church for centuries has been on a decline from the place it should be. God said that we are to do greater works. Most ministries are not even doing the works of Jesus. Things are about to change. God has spoken that what I have discovered is being made available so that we can all attain the prize of our high calling. It is time for us to flow in miracles signs and wonders. I'm talking about even in the local Church. Get ready for an increase of the anointing. Remember it is going to cost you something but it will be worth it. You are about to discover three life changing types of anointing. There is the revelatory, the breaker, and the kingly anointing. This is the most important things I discovered that brought a higher level anointing.

Increasing Your Anointing Createspace Independent Pub

Stories of hope by the master storyteller and motivator.

Matsushita Leadership Pebble

Like the proverbial fish who doesn't know what water is, we swim in an economy built on money that few of us comprehend, and, most definitely, what we don't know is hurting us. Very few people realize that the nature of money has changed profoundly over the past three centuries, or—as has been clear with the latest global financial crisis—the extent to which it has become a political instrument used to centralize power, concentrate wealth, and subvert popular government. On top of that, the economic growth imperative inherent in the present global monetary system is a main driver of global warming and other environmental crises. *The End of Money and the Future of Civilization* demystifies the subjects of money, banking, and finance by tracing historical landmarks and important evolutionary shifts that have changed the essential nature of money. Greco's masterful work lays out the problems and then looks to the future for a next stage in money's evolution that can liberate us as individuals and communities from the current grip of centralized and politicized money power. Greco provides specific design proposals and exchange-system architectures for local, regional, national, and global financial systems. He offers strategies for their implementation and outlines actions grassroots organizations, businesses, and governments will need to take to achieve success. Ultimately, *The End of Money and the Future of Civilization* provides the necessary understanding—for entrepreneurs, activists, and civic leaders—to implement approaches toward monetary liberation. These approaches would empower communities, preserve democratic institutions, and begin to build economies that are sustainable, democratic, and insulated from the financial crises that plague the dominant monetary system.

The 5 Choices McGraw Hill Professional

Though raised Catholic, in the early 1950s Jack Kerouac became fascinated with Buddhism, an interest that would have a profound impact on his ideas of spirituality and their expression in his writing from *Mexico City Blues* to *The Dharma Bums*. Published for the first time in book form, *Wake Up* is Kerouac's retelling of the story of Prince Siddhartha Gautama, who as a young man abandoned his wealthy family and comfortable home for a lifelong search for Enlightenment. As a compendium of the teachings of the Buddha, *Wake Up* is a profound meditation on the nature of life, desire, wisdom, and suffering. Distilled from a wide variety of canonical scriptures, *Wake Up* serves as both a concise primer on the concepts of Buddhism and as an insightful and deeply personal document of Kerouac's evolving beliefs. It is the work of a devoted spiritual follower of the Buddha who also happened to be one of the twentieth century's most influential novelists. *Wake Up: A Life of the Buddha* will be essential reading for the legions of Jack Kerouac fans and for anyone who is curious about the spiritual principles of one of the world's great religions.

Moral, Immoral, Amoral Little, Brown

Explains the basic ideology of feng-shui in ten lessons including how to redirect chi and balance energy in the home, office, and garden.

The Dukan Diet Cookbook Penguin UK

Richard Koch has made over £100 million from spotting 'Star' businesses. In his new book, he shares the secrets of his success - and shows how you too can identify and enrich yourself from 'Stars'. Star businesses are ventures operating in a high-growth sector - and are the leaders in their niche of the market. Stars are rare. But with the help of this book and a little patience, you can find one, or create one yourself. THE STAR PRINCIPLE is a vital book for any budding entrepreneur or investor (of grand or modest means). It is also invaluable for any ambitious employee who realises the benefits of working for a Star venture - real responsibility, fast personal development, better pay, great bonuses and valuable share options. Whoever your are, identifying and investing in Stars will make your life much sweeter and richer in every way.

The 80/20 Manager

Time management has been redefined for the twenty-first century. Learn how to increase your

productivity by mastering five choices that will leave you feeling confident, energized, and productive.

The Star Principle

Bestselling author Richard Koch shows managers how to apply the 80/20 Principle to achieve exceptional results at work -- without stress or long hours. In his bestselling book *The 80/20 Principle*, Richard Koch showed readers how to put the 80/20 Principle -- the idea that 80 percent of results come from just 20 percent of effort -- into practice in their personal lives. Now in *The 80/20 Manager*, he demonstrates how to apply the principle to management. An 80/20 manager learns to focus only on the issues that really matter, achieving exceptional results, and feeling successful everyday while working less hard in fewer hours. A large number of managers -- especially in these difficult times -- feel completely overwhelmed. Their inboxes are overflowing and they constantly struggle to finish their to-do lists, leaving little time for the things that really matter. *The 80/20 Manager* shows a new way to look at management -- and at life -- to enjoy work and build a successful and fulfilling career.

Something to Smile about

The seventh book in the Osho Life Essentials series. The old, simplistic categorization of human behaviors into moral categories of "right and wrong" as regulated by the Ten Commandments or other rules of "good and bad" behavior strike many people today as either hopelessly outdated or completely irrelevant. In a global world, we are in search of universal values - values based on a contemporary understanding that unifies us as human beings beyond the divisions of religions, nations, and race. In this volume, Osho speaks directly to this contemporary search as he introduces us to a new and higher level in our quest for values that make sense in the world we live in - a level that goes far beyond moral codes of behavior. His vision is of a transformed human being who is nothing less than the next step in evolution. In Osho's vision the validation of right and wrong does not come from the outside through laws and commandments, but through an inner connectivity and oneness with existence.
