Self-assessment Tool

This guide has been developed for those individuals and organisations that currently provide the Certificate in Training and Assessment as a complete qualification. It takes the reader through a step-by-step approach to implementing integrated training and assessment activities for the full qualification, and provides a 'good practice' model on how units of competency (packaged within any qualification) can be clustered for training and assessment purposes.

Assessment

"The Certificate IV in Training and Assessment (TAA40104) has become the standard entry-level teaching qualification in the vocational education and training (VET) sector. This report explores the beliefs and experiences of new graduates of the certificate IV, with a focus on the graduates' sense of preparedness and confidence in planning, delivering and assessing training, as well as their views

on the benefits and limitations of the certificate IV." - NCVET website.

Distance-based Learning

Training and Assessment - Theory and Practice, 1e covers all core units and essential elective units of TAE40116 Certificate IV in Training and Assessment. It takes both theoretical and pragmatic approaches to help learners gain essential knowledge and skills through solid and well-researched theories by respected authors. Each chapter is a self-contained unit that offers sufficient volume of learning and volume of assessment to support delivery of training and assessment. Designed as part textbook/part workbook, the A4 spiral bound, full-colour format increases student engagement particularly for visual and experiential learners. A customisable premium Assessment Pack can be purchased separately to help institutions design, develop and administer assessments more effectively and efficiently. Practitioner Expectations and Experiences with the Certificate IV in Training and Assessment (TAA40104)

This study focuses on a critical aspect of the vocational education and training (VET) workforce: initial VET teacher training. It has identified the generic teacher education courses offered both by the VET and higher education sectors, ranging from the Certificate IV in Training and Assessment (now the Certificate IV in Training and Education) to graduate diplomas. The certificate IV is not only the most significant in student number terms, but it is also the one true initial qualification. All the others are post-initial and targeted at teachers with some experience.
