These volumes present John Kinsella's uncollected critical writings and personal reflections from

the early 1990s to the present. Included are extended pieces of memoir written in the Western Australian wheatbelt and the Cambridge fens, as well as acute essays and commentaries on the nature and genesis of personal and public poetics. Pivotal are a sense of place and how we write out of it; pastoral's relevance to contemporary poetry; how we evaluate and critique (post)colonial creativity and intrusion into Indigenous spaces; and engaged analysis of activism and responsibility in poetry and literary discourse. The author is well-known for saying he is preeminently an "anarchist, vegan, pacifist" – not stock epithets, but the *raison d'être* behind his work. The collection moves from overviews of contemporary Australian poetry to studies of such writers as Randolph Stow, Ouyang Yu, Charmaine Papertalk-Green, Lionel Fogarty, Les Murray, Peter Porter, Dorothy Hewett, Judith Wright, Alamgir Hashmi, Patrick Lane, Robert Sullivan, C.K. Stead, and J.H. Prynne, and on to numerous book reviews of poetry, fiction, and non-fiction, originally published in newspapers and journals from around the world. There are also searching reflections on visual artists (Sidney Nolan, Karl Wiebke, Shaun Atkinson) and wide-ranging opinion pieces and editorials. In counterpoint are conversations with other writers (Rosanna Warren, Rod Mengham, Alvin Pang,

and Tracy Ryan) and explorations of schooling, being struck by lightning, 'international regionalism', hybridity, and experimental poetry. This two-volume argosy has been brought together by scholar and editor Gordon Collier, who has allowed the original versions to speak with their unique informal-formal ductus. Kinsella's interest is in the ethics of space and how we use it. His considerations of the wheatbelt through Wagner and Dante (and rewritings of these), and, in Thoreauvian vein, his 'place' at Jam Tree Gully on the edge of Western Australia's Avon Valley form a web of affirmation and anxiety: it is space he feels both part of and outside, embraced in its every magnitude but felt to be stolen land, whose restitution needs articulating in literature and in real time. Beneath it all is a celebration of the natural world – every plant, animal, rock, sentinel peak, and grain of sand – and a commitment to an ecological poetics.

In this analysis of social history, examine the complex lineage of America's oppression of Black companionship. According to the 2010 US census, more than seventy percent of Black women in America are unmarried. Black Women, Black Love reveals how four centuries of laws, policies, and customs have created that crisis. Dianne Stewart begins in the colonial era, when slave owners denied Blacks the right to marry, divided families, and, in many cases, raped enslaved women and girls. Later, during Reconstruction and the ensuing decades, violence split up couples again as millions embarked on the Great Migration north, where the welfare system mandated that women remain single in order to receive government support. And no institution has forbidden Black love as effectively as the prison-industrial complex, which removes Black men en masse from the pool of marriageable partners. Prodigious research and deeply felt, Black Women, Black Love reveals how white supremacy has systematically broken the heart of Black America, and it proposes strategies for dismantling the structural forces that have plagued Black love and marriage for centuries.

Historically, the Reformed and Charismatic streams have seemed to be almost mutually exclusive. In recent years, this exclusivity has been being challenged by a new generation of Reformed thinkers. This work aims at considering the contribution of John Wimber, the late leader of the Vineyard Churches, to contemporary theological reflection within the Reformed tradition. Taking into account John Wimber's unique theology of the "radical middle," which is somewhere between Pentecostal and Evangelical, this book asks whether Wimber may be a possible alternative source for the contemporary Reformed Churches as they approach ministry and mission in the twenty-first century. Written from a confessional Presbyterian context in Northern Ireland, Word and Power places Wimber in his theological context and asks whether Wimber's view of power evangelism, discipleship formation, and ministry training might be a model that Reformed Churches--and Presbyterians in particular--could adopt for their ecclesiology today.

God's Cleansing Stream reveals why every church needs a deliverance ministry and teaches pastors and counselors how they can put one to practical use. Deliverance was originally part of every church, but the rise of self help programs and the idea of an individual's ability to change without God's help edged the Church away from God's Word and power. Instead deliverance came to be thought of as mere superstition. Now Chris Hayward provides tools for churches to reestablish this effective, proven ministry so that it can liberate captive souls and advance God's plans in the lives of individuals everywhere.

Modern Christians are often baffled by the problem of evil, frequently attributing pain and suffering to some mysterious "good" purposes of God. Gregory Boyd instead declares that biblical writers did not try to intellectually understand evil but rather grappled to overcome it.

[A Novel](#) University Press of America

This book is a study of the life, monastic writings, and spiritual theology of John Cassian (c., 360-435). His Institutes and Conferences are a remarkable synthesis of earlier monastic traditions, especially those of fourth-century Egypt, informed throughout by Cassian's awareness of the particular needs of the Latin monastic movement he was helping to shape. Sometimes portrayed as simply an advocate of the sophisticated spiritual theology of Evagrius of Ponticus (360-435), Cassian was actually a theologian of keen insight, realism, and creativity. His teaching on sexuality is unique in early monastic literature in both its breadth and its depth, and his integration of biblical interpretation with the ways of prayer and teaching on ecstatic prayer are of fundamental importance for the western monastic tradition. The only Latin writer included in the classic Greek collections of monastic sayings, Cassian was the major spiritual influence on both the Rule of the Master and the Rule of Benedict, as well as the source for Gregory the Great's teaching on capital sins and compunction. Columba Stewart's book is the first major study of Cassian to be published in twenty years. It begins by establishing Cassian's credibility as a teacher on the basis of his own experience as a monk and his familiarity with the fundamental literary sources. Stewart then turns to Cassian's spiritual theology, paying particular attention to Cassian's view of the monastic journey in eschatological perspective, his teaching on continence and chastity, the Christological basis of biblical interpretation and prayer, his method of unceasing prayer, and his integration of ecstatic experience with an Evagrian theology of prayer.

Religion, History, and Politics in Nigeria is concerned with the problematic nature of religion and politics in Nigerian history. The book provides a lively and straightforward treatment of the relationship among religion, politics, and history in Nigeria, and how it affects public life today. By adopting various cultural, historical, political, and sociological perspectives, the text's contributors provide an excellent introduction to the volatile mix of religion and politics in Nigerian history, as well as a range of strategic choices open to religious adherents. The complexity of the relationship among religion, history, and politics is organized around four themes: indigenous values and the influence of Islam and Christianity, colonialism and religious transformation, the religious

landscape of the post-colonial period, and the rise of evangelism and fundamentalism. The volume provides an insightful guide to contemporary history, contemporary religion, and contemporary politics, enabling the reader to reach informed and balanced judgments about the role in religion in Nigerian history and politics. This opens the door for serious examination and debate, and will be excellent for use by the general reader and in political science, history, and religion courses.

[Inside the Dangerous Rise of Religious Nationalism](#) University of Georgia Press

Preached at Enfield, Connecticut on July 8, 1741, this is perhaps the greatest sermon ever preached in America—and is certainly among the most well known. Owing to its forthright dealing with God's wrath and His intense hatred of sin and the sinner, it is also one of the most controversial. Indeed, for more than three-quarters of the sermon Edwards lays down a relentless stream of the most vivid and horrifying descriptions of the danger facing unregenerate men. While it is difficult to read such graphic language, there is abundant hope in the sermon's conclusion. Edwards puts it this way, "And now you have an extraordinary opportunity, a day wherein Christ has thrown the door of mercy wide open and stands calling and crying with a loud voice to poor sinners." While those who would rather ignore God's justice in favor of His mercy condemn Edwards and his sermon, those who were present and actually heard him preach that day reacted in a decidedly different manner. According to the diary of Reverend Stephen Williams who attended the sermon, "Before the sermon was done there was a great moaning and crying through the whole House, 'what shall I do to be saved; oh, I am going to hell, etc.'" The diary goes on to indicate that Edwards had to interrupt his sermon and come down to minister to those who were under such awful conviction. And so, in spite of what the scoffers might think or say, "the amazing and astonishing power of God" was manifested among the people that day—with many falling not into the hands of an angry God, but into the arms of a mighty Savior.

For readers of Democracy in Chains and Dark Money, a revelatory investigation of the Religious Right's rise to political power. For too long the Religious Right has masqueraded as a social movement preoccupied with a number of cultural issues, such as abortion and same-sex marriage. In her deeply reported investigation, Katherine Stewart reveals a disturbing truth: this is a political movement that seeks to gain power and to impose its vision on all of society. America's religious nationalists aren't just fighting a culture war, they are waging a political war on the norms and institutions of American democracy. Stewart pulls back the curtain on the inner workings and leading personalities of a movement that has turned religion into a tool for domination. She exposes a dense network of think tanks, advocacy groups, and pastoral organizations embedded in a rapidly expanding community of international alliances and united not by any central command but by a shared, anti-democratic vision and a common will to power. She follows the money that fuels this movement, tracing much of it to a cadre of super-wealthy, ultraconservative donors and family foundations. She shows that today's Christian nationalism is the fruit of a longstanding antidemocratic, reactionary strain of American thought that draws on some of the most troubling episodes in America's past. It forms common cause with a globe-spanning movement that seeks to destroy liberal democracy and replace it with nationalist, theocratic and autocratic forms of government around the world. Religious nationalism is far more organized and better funded than most people realize. It seeks to control all aspects of government and society. Its successes have

been stunning, and its influence now extends to every aspect of American life, from the White House to state capitols, from our schools to our hospitals. The Power Worshippers is a brilliantly reported book of warning and a wake-up call. Stewart's probing examination demands that Christian nationalism be taken seriously as a significant threat to the American republic and our democratic freedoms.

Spiritual warfare is a reality that faces Christians every day. Their daily walk with the Lord and fight with Satan affects every aspect of their life: their personal victory, the state of their families, their interaction with the world around them, and their ultimate service and performance on earth.

Every Christian finds himself harassed and under the relentless hand of the enemy. Spiritual casualties surround us on every side. Luke warmth, defeat, and compromise seem to be the order of day. Deep within the heart of every true Christian stands a hunger to please his Master. This book focuses on that deep cry-the spiritual seed within. It equips the child of God and steadies him to a life of spiritual fulfillment in Christ as he fights and wins spiritual battles. Nobody is born a natural spiritual fighter. Like any army which recruits soldiers and trains them before releasing them to the battle field, the Christian soldier likewise has to be trained. His training is crucial knowing that the enemy he is fighting does not give him a chance to train before launching his

attacks. Prayer and Spiritual Warfare equips and encourages the believer to effectively stand against the deceptive schemes of Satan by applying scriptural truths. It teaches the nature of the spiritual battle, what it takes to win battles, and weapons that are used to fight in this warfare. It trains God's soldiers to receive and obey orders from the war General-God. It discloses the deceptive schemes of the enemy and equips believers to deal with opposition and stand their ground in battle. It exalts Christ and points to His role in spiritual warfare. It weaves practical modern day- 21st century- struggles that face Christians and the church as a whole with scriptural truths of God's Word to combat spiritual apathy. Yes! Christians can fight the enemy with courage and be the light of the world today.
