Pre-1819
Singapore was
a sleepy,
historically
insignificant

fishing village, little more than the “occasional resort of pirates”. This ambitious book, co-written by four of Singapore’s foremost historians, offers an assertive re-evaluation of that view, firmly situating Singapore’s starting point seven hundred years ago. Drawing on a multi-disciplinary range of archival, textual and cartographical records, as well as the latest

archaeological discoveries, the authors cast a singular historical trajectory for Singapore over the past seven centuries, animating its history like never before. Written in a compelling and accessible manner, and richly illustrated with more than 200 artefacts, photographs, maps, art works and ephemera, this volume builds upon the foundations of an earlier book,

Singapore: A 700-Year History. Extensively rewritten to incorporate ground-breaking research findings, *Seven Hundred Years: A History of Singapore* widens the historical lens and offers a vital new perspective on the story of Singapore. [The Rough Guide to Singapore \(Travel Guide eBook\)](#) Rough Guides UK A completely updated and expanded edition of the

cult bestseller, featuring subway, light rail, and streetcar maps from New York to Nizhny Novgorod. *Transit Maps of the World* is the first and only comprehensive collection of historical and current maps of every rapid-transit system on earth. In glorious, colorful graphics, Mark Ovenden traces the cartographic history of mass transit—including rare and historic maps, diagrams, and

photographs, some available for the first time since their original publication. Now expanded with thirty-six more pages, 250 city maps revised from previous editions, and listings given from almost a thousand systems in total, this is the graphic designer's new bible, the transport enthusiast's dream collection, and a coffee-table essential for everyone who's ever traveled in a

city.

Today Walter de Gruyter Singapore got sexy and the country's best-selling author got jealous. After five years chasing echidnas and platypuses in Australia, Neil Humphreys returns to Singapore to see if the rumours are true. Like an

old girlfriend getting a lusty makeover, the island transformed while Humphreys was away. Singapore is not just a sexier island, it's a different world. So Humphreys embarked upon a nationwide tour to test that theory. He went in search of new Singapore, visiting only locations that either did not exist five years ago or had been extensively rebuilt, renovated or revamped in

his absence. From the cloud-topped heights of Marina Bay Sands and Pinnacle@Duxton to making ill-advised bomb jokes at the subterranean tunnels of Labrador Park, Humphreys walks, cycles, kayaks and swims across a rapidly evolving country, meeting Guinness-swimming aunties in Resorts World Sentosa, eccentric toy museum owners in Bugis, political activists in

Aljunied and a security guard at Marina Barrage ready to 'tekan' anyone who crosses his path. In new Singapore, Humphreys discovers a country still grappling between the economic rewards of progress at Biopolis and Fusionopolis and the historical cost at Bukit Brown Cemetery.

Singapore

gained independence in 1965, a city-state in a world of nation-states. Yet its long and complex history reaches much farther back. Blending modernity and tradition, ideologies and ethnicities, a peculiar set of factors make Singapore what it is today. In this thematic study of the island nation, Michael D. Barr proposes a new approach to understand this development. From the pre-

colonial period through to the modern day, he traces the idea, the politics and the geography of Singapore over five centuries of rich history. In doing so he rejects the official narrative of the so-called 'Singapore Story'. Drawing on in-depth archival work and oral histories, Singapore: A Modern History is a work both for students of the country's history and politics, but also for any reader

seeking to engage with this enigmatic and vastly successful nation. *Avery Index to Architectural Periodicals. 2d Ed., Rev. and Enl* NUS Press Jacques de Coultre was a Flemish gem trader who spent nearly a decade in Southeast Asia at the turn of the 17th century. He left history a substantial autobiography written in Spanish and preserved in the National Library of Spain in Madrid. Written in the

form of a picaresque tale, with an acute eye for the cultures he encountered, the memoirs tell the story of his adventures in the trading centres of the day: Melaka, Ayutthaya, Cambodia, Patani, Pahang, Johor, Brunei and Manila. Narrowly escaping death several times, De Coutre was inevitably drawn into dangerous intrigues between the representatives of European

power, myriad fortune hunters and schemers, and the rulers and courtiers in the palaces of Pahang, Patani, Siam and Johor.
